THE BOSTONAIR

# AVIATION NON-OFFICE STAFF INCENTIVE SCHEME

Bostonair are always on the lookout for quality engineers and have launched an Aviation Non-Office Staff Incentive Scheme.

*Details of the scheme are listed on reverse:*

***Open to existing Bostonair staff  
(Contractors or Permanent non-office staff).***

## THE SCHEME

**Open to existing Bostonair staff (contractors or permanent non-office staff).**

Staff will qualify for payment upon completion of 3 or 6 month term of the 'introduced individual'.

Qualifying staff will receive payment if they are still at Bostonair (or on 'leave' pending a confirmed return) when the 'introduced individual' has completed either 3 or 6 months in continuous employment via Bostonair

Qualifying staff will receive payment if the 'introduced individual' has an exemplary attendance level (98%)

An 'Introduced Individual' is defined as someone that doesn't currently exist on Bostonair's Profile system, OR, who hasn't been utilised by Bostonair in the last 5 years.

Once you have become a non-office Bostonair aviation staff member (contractors or Permanent) you can inform Bostonair Head Office about any individuals you would like to introduce to the company. You can contact Bostonair by:

## THE INCENTIVE

Qualifying staff will receive €200 if the 'Introduced Individual' completes 3 months service via Bostonair

Qualifying staff will receive an additional €200 if the 'Introduced Individual' completes 6 months service via Bostonair.

Therefore the maximum sum available via the Incentive Scheme is €400.

Bostonair reserve the right to amend, suspend or withdraw the Scheme, but will honour payments where an Introduced Individual commenced employment prior to the withdrawal of the Scheme and 'qualifies' via the original period.
